

Energy Efficiency Program

USING ENERGY WISELY FOR A BETTER FUTURE™

Make Efficiency Your Bottom Line

Now YOU can promote high efficiency, gas-saving equipment to your customers with cash incentives and useful sales techniques that will help you make the sale... improving your bottom line.

Benefits of Efficiency

By promoting efficient products to your customers, you will help them:

- Save money on energy costs
- Improve their comfort
- Help them gain peace of mind with better performing technology and properly installed equipment

The Nicor Gas Energy Efficiency Program is a multi-year program funded by Nicor Gas ratepayers in compliance with state law through a small charge identified on customer bills as "Energy Program."
